

# GRIMSBY! DON'T FAIL

Municipal Officials Captured By Liberation Troops

**MAYOR JOHNSON TAKEN PRISONER** — In a demonstration staged at Grimsby and Beamsville by assault troops from Camp Borden in the interests of the Victory Loan campaign, residents were given a slight idea of what they might have experienced if enemy troops had reached Canada. In Grimsby, one detachment of troops defended the municipal building while another detachment, representing the enemy, attacked and captured it. Blank ammunition and bombs made a terrific din and smoke bombs added to the reality of the scene. At Beamsville, the attack was staged against the high school. In both places, snipers were led from the captured building and "executed" by firing squads. Mayor Edric Johnson, of Grimsby, and Reeve R. A. Saunders, Beamsville, were also "captured" and led from the building at the point of a gun. Given a quick "trial," they were released on condition that

they and the residents of the towns purchase Victory bonds to the limit of their ability. Photos show: At upper left—Assault troops attacking the municipal building at Grimsby and taking advantage of every bit of cover. At upper right—Mayor Edric Johnson, Grimsby, faces the firing squad. On both sides of him are "dead" snipers. At lower left—Reeve R. A. Saunders, Beamsville, stands before a firing squad while Capt. Harry Medford, in command of the "attacking" force, points a revolver at him and asks if he should be "executed" or allow his freedom on condition that Beamsville gives full support to the Victory Loan. At lower right—Following the demonstration at Beamsville, the camouflaged assault troops were presented with bushels of choice eating apples. At the right is A. N. Payne, chairman of the Beamsville Victory Loan committee, and next is Reeve R. A. Saunders.

## Decoration Services, Sunday

Canadian Legion And L.O.D.E. Will Decorate Graves Of Departed Comrades — Parade Will Leave The Independent at 2.30 p.m.—Memorial Services In Roxy Theatre At Four O'clock — All Welcome.

Armistice Day Decoration Services will be held on Sunday afternoon by members of West Lincoln Branch, Canadian Legion and the L.O.D.E.

In Armistice Day, Saturday. Services will be held in Beamsville. The "Fall in" for Veterans will be at the town hall at 10.30 and parade to the Cenotaph where the services will be held. All Grimsby Veterans will leave the local Post Office at 10.15 sharp.

On Sunday the Veterans and the ladies of the L.O.D.E. will meet at The Independent office and the parade will fall in at 2.30 and proceed to Queen's Lawn cemetery where the graves of departed comrades will be decorated. After the service in the cemetery the parade will march back to town. The graves of Veterans buried in St. Andrew's will be decorated in the morning.

The parade will be headed by Grimsby High School Cadets Bugle Band under direction of Band Sgt. Wally Filips and the Cadet Corps will also parade.

### White Elephant Makes \$600 Gift

The girls of The White Elephant Shop are again to the fore with a princely donation for war work. This time they have made a donation of \$600 to the local branch of the Red Cross. This money was donated with the distinct understanding that it was to be used solely by the local branch in their work.

### FRUIT BY AIR

Fruit And Vegetables Now Being Transported Between California And 42 American Cities — A Regular Air Freight Service In Operation — Fresh Products Bring Higher Prices — Will Be a Big Boon To Farmers.

Los Angeles, Oct. 8 — Regular air freight service between Los Angeles and 42 other cities on the American Airlines system became available to shippers starting October 15, it was revealed this week by James A. Wooten, cargo traffic manager of the company, who visited the local offices of American Airlines last week.

As the produce industry now knows, the world's first full plane load shipment of one commodity to move commercially in this type of service — 5,000 pounds of spinach shipped from Los Angeles to Cincinnati on Sept. 14 — marked the institution of this new air freight service.

Initial reports from the shipment of spinach on September 14 made by the Sunny Sally Farms here to Kroger Stores in Cincinnati, Louisville and Dayton indicate that the project was a success and that the spinach sold at prices sufficiently high to justify the higher transportation rates.

Mr. Wooten, in announcing air freight service, envisioned it as a

#### Price Controls Were Necessary

Mr. Walter F. Mantle Of W.P.T.B. Gives Very Informative Address Before Lions Club — Large Turnout.

The success of Canada's price control policy has been due to the general co-operation and support of Canadian consumers, manufacturers and distributors, according to Walter F. Mantle of the Management Service Division, Wartime Prices and Trade Board, who addressed the Grimsby Lions Club Tuesday night. He discussed some of the many problems which have confronted the Board during the past three years.

Emphasizing that it would have been impossible to maintain a price ceiling in Canada unless an essential supply of civilian consumer goods had been provided, the speaker outlined the extent to which Canadian production of civilian goods has increased since the beginning of the war in spite of the fact that about 50% of Canadian industry is now engaged exclusively in the manufacture of war essentials.

"Canada is not a self-sufficient country," Mr. Mantle said, "but depends for many of her raw materials on foreign countries. The

Canada Coach Lines Has Never Lived Up To Promise Made Over A Year Ago To Stagger Time Table — Hydro Rebate Of \$1,500 On Power Bills Received.

Many minor matters occupied the attention of Town council last night in regular session, most important of which was the announcement by Mayor Johnson that the town had received from the Hydro-Electric Power Commission a cheque for \$1,500, rebate on power costs for 1944, made up as follows: Streetlights \$538.70; disposal plant, \$186.28 and waterworks \$771.40. This amount is \$100 more than received in 1943.

James A. Aitchison appeared before council with a complete set of plans showing how he proposed subdividing the old Anderson 17 acres in the south side of Main street east, at the top of Anderson's hill. He proposed to open

#### Open House At Public School

On Friday afternoon of this week, at 2 p.m. open house will be held at the Grimsby Public school.

Principal Ken Griffith and his staff extend to all parents and others a cordial invitation to visit the school and inspect it; talk with the teachers; and let the kiddies just see and hear for themselves all about the methods by which their children are educated.

### Still \$120,000 Short Of Our Objective

Grimsby and North Grimsby residents have still a long way to go between now and Saturday night in order to reach their Victory Loan objective of \$450,000. As the figures below show, the sales to date are ahead of the same date in the Sixth Loan, last spring, but also remember that your objective last spring was only \$400,000, or \$50,000 less than this time, so in reality we are \$4,000 behind the last loan when the two objectives are compared.

The figures listed below are for the 14 days of selling up until midnight Tuesday:

	This Loan	6th Loan
First Day	\$24,500	\$25,050
Second Day	18,550	17,900
Third Day	36,550	14,750
Fourth Day	35,600	22,200
Fifth Day	31,600	23,000
Sixth Day	24,700	18,250
Seventh Day	18,800	20,050
Eighth Day	37,800	25,650
Ninth Day	22,000	15,950
Tenth Day	25,500	28,900
Eleventh Day	18,750	16,700
Twelfth Day	12,500	33,200
Thirteenth Day	12,400	12,200
Fourteenth Day	10,950	10,700
Total	\$330,200	\$284,500

Unless the salesmen, who are working diligently, can bring that total to \$450,000 by Saturday night then the people of this district are going to be in the "dog house" in the eyes of the world at large, and that would never do. Better sit down and figure out a way to buy another bond.

At 9.15 p.m. on Saturday night a second drawing for a \$50 bond will take place in front of the Post Office. Mayor Johnson will draw the ticket and Chairman "Dad" Farrell of the Victory Loan committee will present the bond. In order to have a chance on winning this bond you must already be a bond buyer. Every person who has bought a bond or will buy a bond between now and 9.15 Saturday night will have a numbered ticket in the box. Unless you have been a bond buyer you will not have a chance to win the bond.

#### Sell Debentures For Record Price

North Grimsby Gets 104.85 For \$18,300 Waterworks Issue — Highest Price Ever Paid For Local Securities.

North Grimsby council in special session on Monday night opened the sealed tenders for the purchase of \$18,000 worth of four per cent, 15 year, waterworks debentures. These debentures were issued to cover the cost of construction of the new West End water main, built this past summer.

The offer of Dymant, Anderson and Co., Toronto, of 104.85 was accepted, which is a very excellent rate, in fact it is the highest price ever received for debentures by either the town or township.

Council also passed a supplementary by-law asking for another \$1,000 from the Ontario Department of Highways on the government subsidy basis for roads and bridges.

The appointment of Col. W. W. Johnson, D.S.O., M.C., to the position of manager of the Temagami Boat Company, newly purchased by the Temiskaming and Northern Ontario Railway, was announced today by Col. C. E. Reynolds, chairman of the T. and N.O. Railway Commission.

Col. Johnson's new duties will include supervision of tourist pro-

motion in all Northern Ontario, the commission head told The Nugget today.

While Col. Johnson was unavailable for a statement concerning his new appointment today, it was learned by The Nugget that he will assume the position with the T. and N.O. Railway Commission immediately that his discharge from military service becomes effective.

**FACTS & FANCIES**  
Frank Fairborn, Jr.

IDLE MONEY

Idle money, when there's such a national appeal for the purchase of Victory Bonds, may fairly be interpreted as patriotic sin at this time, in the crisis of mankind, and in the climax of shaping man's destiny for many decades to come.

Idle money at 1½ per cent. interest, paid on quarterly balances in the banks, when Victory Bonds afford 3 per cent. is a business blunder, even for the individual who may have instincts for hoarding.

In every financial crisis recorded on this continent, it has been the hoarders, the people who put money under mattresses and into socks, who have aggravated the condition of famine and depression. They have tended to destroy all the foundations of security on which the value of their hoarded money rested.

And the same thing might be said about hoarded money at this time, or money with that taint. The Victory Bond is a cash bond without strings. It has been so ever since the necessity arose to meet the needs of war.

There is also a pledge in the permanent policy of the Bank of Canada that value of

Victory Bonds will not depreciate except fractionally. This is highly important on the whole national financial fabric. It means that low interest rates are to be maintained in Canada; there will be no return to seven per cent. interest on first rate security such as first mortgages on real estate.

Thus the attractiveness of 3 per cent. Victory Bonds is doubly enhanced, because the rate is very fair, double that of interest on bank deposits and because the security behind the bonds is the best in all the world. There can be no mistake about that. The interest on Victory Bonds constitutes a first call on the whole income of the people of Canada as well as on the physical resources of the country.

Those who have substantial bank deposits who limit their Victory Bond subscriptions, when they might readily double or treble them, are failing in their duty. They are actually betraying their own interest. If the undreamed of eventuality should happen, that Victory Bonds in Canada are washed out in value, then bank deposit books with handsome balances might as well be burned up. But neither is going to happen.

The time is now, for all good men and true to back their country, to back the fighting services to the utmost capacity, and to secure and hold a personal stake in this war for the emancipation of the human spirit and for freedom from fear of another war for generations to come.

No more imperative call would ever be made to free, liberty-loving Canadian people.

WHAT A PICTURE

There is an intriguing story of the capture of a teen age kid on the Normandy front, by the Canadians. They cut down his pants to his knees, hemmed the edges, took his tunic off and dressed him in a sport shirt and then sent him back to the German lines. They attached a note to him: "Canadians don't fight little boys."

Dave Boone in The New York Sun presents a general picture of the last resort of the Nazi gangsters, something new, as announced by Himmler last week. Here is the comment:

Well, the superdooper war lords and the great, swaggering, goose-stepping Nazi General Staff have put it up to the little boys and girls to take over. The builders of the master race myth will take help wherever they can get it, regardless of size, age or shape.

Such a complete confession of having deluded, exploited and put a nation behind the eight ball has never been made by war lords before. These same kids and old folks were told

**CANADA'S VETERANS**  
*Their Post-War Opportunities*

This is the fifth in a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get full details, save and read every advertisement.

For complete information, write for the booklet, "Back to Civil Life."

**Care for the Wounded and Ill**

**CANADA'S TREATMENT AND PENSION LEGISLATION**

Canada has assumed as a minimum obligation to members of the armed forces taken towards physical fitness, and that pension shall be provided for any permanent disability due to service. Full medical service is provided and veterans' hospitals have been established from coast to coast. Equipment for the most modern types of treatment has been installed, and leading specialists in all branches of medicine and surgery have willingly placed their services at the disposal of veterans.

There is free treatment with allowances to every discharged person for the first year after return to civil life and free treatment with allowances for pensioned conditions is available throughout the pensioner's life.

Those discharged from the forces unable to work and in need of continuing treatment may have their pay and allowances of the continued for one year, if necessary, and for longer when treatment is still required for a pensionable condition.

**PENSIONS**

Pension is awardable under three simple and easily understood conditions:

1. When the veteran has served in a theatre of war, death or any permanent disability not due to misconduct is pensionable.
2. (a) When the veteran has served in Canada only, death or disability caused by service is pensionable.
- (b) Death or serious disability not due to service may be pensionable if hardship would otherwise result.

**JOB FOR DISABLED**

A very wide program of education is being carried on continuously so that veterans who suffer a disability as a result of their war service may have a full and happy future. Many volunteer associations are assisting in this work, while specialized help is available from such organizations as the War Amputations of Canada, the Canadian National Institute for the Blind, and the Canadian Society for the Deaf and Hard of Hearing.

**THE COMMUNITY'S RESPONSIBILITY**

This series of advertisements has given, in brief form, an outline of the Canadian re-establishment program for ex-service men and women. The responsibility, however, is not entirely that of Parliament. It can provide legislation and funds but in the final analysis it must be the veterans themselves and the people of Canada who make the program work. The public support so far has been unsentimental, but successful administration requires further public support. Understanding and effort by the whole people are needed.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

**VETERANS' AFFAIRS**

\* SEND THIS ADVERTISEMENT TO SOME MAN OR WOMAN OVERSEAS.

Issued under the authority of Hon. Ian A. MacKenzie, Minister of

a thousand times by Hitler that the Nazi military machine was unbeatable, that it was going to lick all-comers and that it wouldn't take long.

This sudden SOS for a rush to the rescue by superdoopers in rompers, short pants, bobby socks and skirts must strike the Germans as pretty strange . . . if they don't show it.

Those old-line German war lords, Bismarck, Von Moltke, Kaiser Bill, Hindenburg and others had their faults but never put it up to the children and the old people to get them out of a hole.

Hitler, Himmler, Goebbels and Goering—the Big Four—shoving in the kids and the white-haired; what a picture!

What a task it is going to be to untrain the German population, to regenerate or allow the people from the vicious doctrine which they have been imbued. It is not going to be easy. The Hitler disease has a stronger hold than most people realize. Let

Germans strictly alone for five years and they would again be talking war and planning a new one.

**TOO MANY FIRES**

Another one of those nasty reports is issued from Ottawa about 245 bags of mail for troops overseas being damaged or destroyed by fire. These fires cause a sense of heartache frustration among tens of thousands of loving ones throughout the country, even although only a comparatively few suffer from the loss occasioned.

This is the third year in which mailbags before Christmas have been lost in mysterious fires, either aboard ship or on harbor docks. How many lads will be disappointed beyond expression is an unknown quantity, but this is the distressing part of it all.

No doubt Post Office Department officials are gravely concerned and every effort is made to salvage damaged parcels. It may be that some parcels contain combustibles, which is just about criminal on the part of any sender.

Then it may well be that there is carelessness, perhaps planned sabotage. Who knows? There are also losses suffered from downright thievery on the way to point of delivery, although there is every reason to believe that the military are mighty efficient in curbing this sort of thing.

In any event, the loss of Christmas mail for the men overseas should not be regarded as the weather, something about which nothing can be done. At the very least, there can be a tightening up of vigilance.

**QUITE A DIFFERENCE**

R. J. Deachan, Ottawa publicist of note, sends The Independent, Ottawa publicist of comparisons on prices of farm implements, and for what the farmers have to sell, between Australia and Canada.

The figures were tabulated by Dr. Dontrip to Australia:

Binder, 8-foot	Australia	Canada
Seeder	\$ 525.60	\$ 347.50
Mower	341.46	313.00
Hay rake	195.75	150.3
Tractor, 102	78.65	70.25
Disc plow	2,187.00	1,436.90
Farm Produce	338.30	168.00
Butter-fat, top grade		
Hogs, dressed	.8	.43 1/2
Top grade baby beef	.14	.16 1/2
Honey	.05%	.11
Wheat	.09	.13
Cheese	.72	1.25
	.18	.24

The figures by no means tell the story. The State-owned railways of Australia have rates which are approximately three times what the Canadian railways charge for haulage of farm products.

It would be interesting to have the figures from socialistic New Zealand which, it is said, are even more out of proportion to the Canadian schedule, than Australia.

**LET'S be quite frank.**  
When you read—as you probably did during the past few months—that more than 300,000 people in Canada have syphilis, what was your reaction? Did you say, "That's too bad; something should be done about it," and then turn to the comic rag? Chances are you did.

But if that article had told you that Terri Jones, the lad who used to mow your lawn after school, had syphilis—how would you have felt about it? For that the young couple who built that cute house in the next block, had just lost a baby through syphilis . . . would that have made you stop and think?

Or, if you suddenly discovered that your Mar . . . No? That couldn't happen? But it can. And it does . . . to hundreds of Tommies and Marys every year, right here in Canada. Right in your community. You'll

never read articles like that, of course, for these are the personal tragedies that people bear in silence.

So, when you pick up the paper sometime and read, . . . there were 5,000 new VENERAL DISEASE cases reported in this province last year . . . remember! These are not cold figures. They represent 5,000 heart-breaking . . . heart-aching situations.

Yes, VENERAL DISEASE is a serious problem. It's a problem for parents; for taxpayers, for young people on the threshold of life; for everyone.

VENERAL DISEASE need never strike if we all do our part. If we know the facts. If we use these facts to advantage. If we don't shrug our shoulders and say, "This couldn't happen to anyone in my family."

You have a duty to your family and the community.

## Marriages

### CARTMER—STADELMIER

At 2:30 o'clock on Saturday afternoon, at the home of the bride's parents, 129 Maple Avenue, Grimsby, the wedding was solemnized of Mabel, daughter of Mr. and Mrs. John Stadelmier, and Victor Cartmer, son of Mr. and Mrs. Wm. Wm. Cartmer, of Beamsville.

The ceremony was conducted in the living room, under the arch, with an arrangement of Mums. Rev. J. H. Blair officiated. Mr. Edgar Snyder, cousin of the bride, played the Wedding March. Mr. John Stadelmier gave his daughter in marriage, the bride simply gowned in white chiffon, the bodice fastened with French embroidery, with a finger-tip veil, and carrying a bouquet of white Chrysanthemums and red roses, and wearing the groom's gift, a locket and chain.

The Sister of the bride, Mrs. Clifford Dryden, acted as Maid of Honour, and the Sister of the groom, as Matron of Honour, and were gowned alike in white triple sheer, with sequins, their veils were trimmed with feathers and they carried bouquets of gold and white chrysanthemums. The bride's niece, Miss Marie Dryden, was flower girl, dressed in yellow taffeta, with a halo of yellow flowers, and carrying bronze and gold Mums.

Mr. Francis Stadelmier was best man.

The groom's gifts were, to the Maid of Honour, a black purse, to the Matron of Honour a necklace, to the flower girl a necklace, and to the best man a bill-fold.

During the signing of the register, Mr. Snyder played "O Perfect Day."

A reception followed at the Village Inn for the Forty guests. The bride's mother wore a two-piece frock of soldier blue crepe, with corsage of pink roses. The groom's mother wore a Mauve gown with corsage of Sweetheart roses.

Later the couple left for a trip to Toronto and Northern points, the bride travelling in a Brown crepe dress with gold yoke, and brown accessories, with coat of blue trimmed with lynx.

They will reside at Beamsville.

## Trinity W.A.

The Women's Auxiliary of Trinity United Church held their meeting at the home of Mrs. Hawke, Main Street on Thursday afternoon, with 23 ladies present. Mrs. Murray Beamer presided, in the absence of the President, Mrs. J. Moore.

The scripture reading was given by Mrs. Spencer Merritt.

The ladies sewed on quilt blocks for the Red Cross. After the regular meeting a luncheon was served by Mrs. Albert Marsh and Mrs. E. McAlonen.

Meeting closed by singing a Hymn and the Mizpah Benediction.

The Association is having a rummage sale on Friday and Saturday, November 17th and 18th, and also a sale of aprons, cuddle toys, and dolls' dresses and bonnets as well, in the same place, same day. Any donations of clothing etc., would be greatly appreciated and could be left at Diamond's Drug Store, before that store all day Friday to receive goods.

## Eastern Star

The regular meeting of Grimsby Chapter No. 195, O.E.S. was held Tuesday evening in the Masonic Hall, Grimsby, the Worthy Matron, Sister Marjorie Hitchman, presiding. Members of Excelsior Chapter, Hamilton, the Patrons' and Past Patron's Association of Hamilton and District, and their wives were guests. The members of the Patrons' Association assisted the officers of Grimsby Chapter in the opening ceremonies.

At this meeting the annual reports were given by the Secretary and Treasurer, and convenors of the different committees. All reports presented showed that the Chapter had had a very successful year, and that a great deal of patriotic work had been done.

After the meeting, refreshments were served by Sister Hazel Hagar and her committee.

On November 21st a special meeting for the purpose of the Annual Installation of officers will be held.

## I.O.D.E.

All members of Lincoln Loyalist Chapter, I.O.D.E. are requested to attend the Memorial Services to be held on Sunday, November 12th.

Members will meet in front of the Independent Office at 2:30 p.m. to proceed to Queen's Lawn Cemetery where the graves of the fallen will be decorated. Memorial service at the theatre at 4 p.m.

The Literary meeting of Lincoln Loyalist Chapter I.O.D.E. will be held in the Chapter rooms on Monday afternoon, November 13th, at 3 p.m. Members are asked to bring their friends. The speaker for the afternoon will be Prof. V. W. Jackson, whose topic will be "Live and Let Live." The secret of Empire. The Public are cordially invited.

THAT the I.O.D.E. War Services Committee, under the chairmanship of Miss Ann Crane, has just completed the packing and mailing of over 200 Christmas boxes to our local boys overseas?

WHAT a big job that was! It meant buying and carrying to the I.O.D.E. Room for packing 600 pounds of supplies, as each box weighed 3 pounds.

THAT it meant buying wool and knitting over 400 garments?

THAT it meant typing over 200 declaration forms and addressing that many boxes?

THAT the task of collecting names and revising addresses of some 220 men and women and 37 officers is a job in itself, over which countless hours are spent?

THAT greeting cards are now being sent to all officers from the district?

## Obituary

### JOHN SENYK

Following a lingering illness John Senyk, Robinson street north, died Sunday in his 57th year.

A native of Austria he had resided in Grimsby for the last eight years and was engaged in fruit growing.

Surviving are his wife, two sons, Pte. Raymond Senyk and Pte. Zony Senyk, both in Canada; a brother, Fred Senyk, in Hamilton; also three brothers and two sisters, in Austria.

The funeral was held Tuesday afternoon with interment in Queen's Lawn Cemetery.

### MRS. ARTHUR BACON

Minnie Elizabeth Bacon, a resident of North Grimsby, for over thirty years, passed away at her home in Melsonby, England, on Saturday, November 4th. She will be remembered by her many old friends and neighbours, who knew her well.

Left to survive are her husband, Arthur Bacon of Melsonby, England, a son Francis Darnell (overseas), one daughter Hilda of Toronto, and daughter-in-law Marion and granddaughter Beverly of St. Catharines.

Funeral was held on Tuesday, November 7th, 1944.

Grandma is a rugged individualist. He still clings to a nightshirt instead of wearing pajamas.

A featherweight lawnmower is promised for the postwar, but has anyone invented the kind that will come home by itself after being borrowed?

## Wounded

L/Cpl. George J. Meikle, who was reported wounded in The Independent last week, is now back in England from Belgium according to a post card received by his sister, Mrs. Margaret S. Jarvis, 30 Mountain St., this week. She also received official notification from the Department of Defence that he was suffering from a "disarticulated ankle". L/Cpl. Meikle enlisted in August, 1943, and went overseas to England in June of this year and went to France in July—11 months after enlistment, with the Lake Superior Regt. He is 19 years old.

Hallowe'en is a thing of the past now, all the effects have worn off. The windows have been cleaned, milkmen in their wagons, instead of some dignified citizens, all signs in their rightful places, and garden furniture in storage, not trees.

One well known clan in Grimsby has been struck with disaster . . . Eileen has the mumps and Allen (Roary) has a broken wrist!

The mumps have overpowered the rugby casualties evidently. Watch out! You might end up with a swollen jaw!

"Frankie" isn't crooning in the back corner of fourth anymore . . . there's been some changes made.

The strains from some concerto, or boogie woogie, have been floating through the halls lately. It seems our outstanding pianists will be "tickling the ivories" at Commencement.

By the way, the Commencement has been postponed until December 1st because of a request from the Music Director. He found that it would be impossible to prepare choir for so early a date.

The G.H.S. cadets will parade with the Legion on Sunday for the Memorial Service.

Nine A's party went over big. The food was swell so we hear, so was the show and dance. They wish to express their thanks to Mr. Ducause for the able expeditious and efficient manner in which he performed his arduous duties.

These are the Cadet Officers:

Major S. Marr, Captain I. Stevenson, Lieutenants G. Brownlee, J. Bain and I. Marr; Sergeants D. Cole, D. MacAlone and D. Bedford; Sergeant Major B. Fisher.

Major B. Boehm, Captain D. Metcalfe, Lieutenants A. Jeffries, J. Eator, P. Hand; Sergeants D. Dippe, E. McPherson and N. Gordon; Sergeant Major S. Cornwell.

The supper dance is to be on Friday at five o'clock. All boys will bring 25¢, also girls who don't bring cake or sandwiches. It will be lots of fun so don't forget.

There is rifle practice at the Winsor ranges Thursday afternoon.

Christmas Smokes  
Are On Their Way

Cigarette Fund Shipped 254 Packages This Week — October Collections Amounted To \$252.65 — More Cash Needed.

This week "Cammy" Millyard has started 254 Christmas cigarette packages overseas to the various theatres of war. Grimsby boy will have these smokes for the Yuletide. Boys in the Bahamas, Labrador, Newfoundland and Canada do not receive a package as fags are plentiful in these spots.

When the first of October shipment was sent out "Cammy" was "in the red" for quite a chunk of money, but October collections amounted to \$252.65, which helped a whole lot, but he is still in the bag for \$58. Next shipment will be made in December for early delivery in January and to make this shipment "Cammy" will have to rattle up quite a bit of "Jack". You can help him do it.

The way these shipments are made is, every month packages for one-third the boys go forth, so that in three months every boy received 300 smokes, then in November the whole total list is sent for Christmas, so you can easily see that it takes considerable money to operate the Cigarette Fund.

Total collections for October were as follows:

Since the commencement of packing in 1940, the plants of the Canadian Red Cross have packed 12,183,202 food parcels for British and Allied prisoners of war in enemy hands, Harold Leather, chairman of the Society's Prisoners of War Parcels Committee, told the Canadian Red Cross Central Council at a meeting in Toronto today.

"From January 1st, 1944, to September 30th, the six plants located in Toronto, Hamilton, Montreal, Windsor, London and Winnipeg, have packed 4,186,916 in the nine months period," he said.

"Since the opening in 1940 this work has involved the expenditure of \$28,000,000."

The people of Canada have given 756,700 donations of blood since January 1st, 1944 to September 30th. Dr. J. T. Phair, chairman of the National Blood Donors Committee, reported.

"A marked falling off of donors due, no doubt, to the belief that hostilities were about to terminate, was noticeable, but in response to an urgent appeal in the newspapers and on the radio, there has been a modest improvement," Dr. Phair reported.

In his capacity as chairman of the National Junior Red Cross Committee, Dr. Phair said that the war fund of this organization had reached \$485,461 at the end of September this year. Expenditures have been made for the purchase of special vehicles; for musical instruments, writing paper, pencils, special equipment for the study of architecture and engineering, and dental equipment for prisoners of war; for the support of 14 War Nurseries in Britain, and drugs for the treatment of coeliac disease in children's hospitals in Britain.

Over 350 members of the Canadian Red Cross Corps are now serving overseas in Britain, France and Italy, and another 75 are ready to sail, according to the semi-annual report of Mr. Norman C. Caudwell, Chairman, National Corps Committee.

"Fifty ambulance drivers are attached to the British Red Cross, and recently an urgent request was received for an additional 25, the Chairman said.

## Were You Looking For Bill Smith

For All There Are Only 362  
Of Them Out Of The 5,000  
Odd Smiths In The Army.

Which Bill Smith? After all, there are 362 of them among the 5,118 Smiths listed at Canadian army records office and 44 of them come from Toronto alone, with 17 more from Winnipeg and 10 from Montreal. On top of that, 124 more of the Smiths would answer to "Hey, Tom!" of which 14 give Toronto as their home city.

"We've got 308 Allans and 759 Allens—746 Cooks and 221 Cookes—851 by name of Davis and 504 Davies—1,807 Johnsons, 1,114 Johnstons, and 232 Johnstones," explained records office clerk.

If you need any further statistics to emphasize the necessity of proper addressing when writing Canadian soldiers, think this over: There are 389 MacLeods and 695 McLeods. The McDonalds, MacDonalds and Macdonalds total 3,754, to say nothing of the MacDonnells and McDonnels; 1,854 Campbells have donned khaki along with 1,189 Scotts and 336 Duncans. As for the Irish well the Kellys are 844 strong and the Murphys 989. What about the Jones boys—and the Browns? Records list 3,071 of the latter and 1,693 of the former.

First initials, even first names, don't help much either. For instance, there're five Aime Belangers, three Antonio Belangers, three Bernard Belangers and 18 Charles Belangers. There are 2,647 Andersons, 1,211 Leblancs and 1,904 Taylors.

## New Plate Issue For Next Year

New motor vehicle licenses for 1945 will be issued because of the improvement of the metal situation coupled with the removal of restrictions by the Dominion metals controller. ## Boy Scouts

Apple day on Saturday, October 14th was a very active one for the scouts and cubs of Grimsby. They sold 21 bushels of apples with a take of \$231.38. Expenses for apples, tags, cards, etc. amounted to \$32.55. The net proceeds of apple day will be banked and held on account for use in helping finance a scout hall at some future date.

We wish to take this opportunity of thanking the Navy League Committee for the use of their store. The Canadian Canners for the gift of our money cans and the experimental farms Vineyard for part of our apples. To our judges Mrs. Helen Elmer, Miss P. Dunham, Miss J. Shelton, Mr. V. Tuck, Mr. Morris, Miss M. Monsinger, Mr. and Mrs. H. Biers, Mr. F. Austin.

Monday night's meeting, October 23rd was especially interesting to scouting in Grimsby as it celebrated the first Cub's to go up into scouts from Scoutmaster C. Mote's cub pack. Five cubs, Allan Bentley, Peter Phelps, Merritt Anderson, Leslie Walters, Cliff Schwab with sad hearts left their Cub circle and were received in the Scout horseshoe by Scoutmaster J. Baker who introduced each boy in turn to the troop. In addition to these new cub scouts we had the following boys join the troop: Boies Croft, Albert Buckenhau, Peter Wade, David Cameron, Alfred Buckenham.

At Monday night's meeting, October 30th, the following promotions were made: Lorne Lindemann as patrol leader, and Stephen Hooper as second of the wolf patrol.

7.30—Gas House vs. Sheet Metal.

Twenty-seven Scouts assembled at the Highschool gym for their regular meeting Monday night. Assistant scoutmaster Don Pettit had absolute quietness when he led the troop in the game of Taking the Pirate's knee. This game required perfect poise, steadiness and patience. Several scouts were successful while others were caught before real getting started.

During patrol corners the PL's instructed in several different tests. Of interest to all was the fireman's sling and the practice of hauling one of their number up and down as if they were actually taking a person from a burning building.

At the cour of honour it was decided to collect old toys needing repairs and toss them Christmas week. Troop hike to be held Saturday, Nov 18th. Particulars later.

## "Lincs" And Wells In Thick Of It

(By Boyd Lewis, British United Press War Correspondent)

With Canadian 1st Army, Holland, Nov. 2.—(Delayed) — It is now permitted to reveal that the Lincoln and Welland Regiment played a stirring role in the tough fighting north of Antwerp.

This Ontario regiment, familiarly known as the "Lincs and Wells," with other troops, struck across golden fields for four miles in a dramatic night attack on Eschen, which uprooted the Nazis from control of the Beveland isthmus and sent them reeling northwards in retreat to their present positions.

I have already told the story of Capt. Owen Lambert and his famous lost patrol who fought Nazi paratroopers from behind tubes of deadly acid in a great vaulted stove factory north of Bergen op Zoom in the "battle grenades in the dark," and by now you probably have guessed that the gallant 13 were "Lincs and Wells" and that it was their name that they hurled at the Nazis like a war cry, challenging them, "So you're supermen, so you're paratroopers — well, we're Lincs and Wells. Come on in and taste our knives."

An iron-grey-haired former Edmonton schoolmaster, who is a ringer for movie actor Frank Morgan, was the commander who led the "Lincs and Wells," Indian file, through woods and fields in imminent danger of mines, booby traps and enemy strongpoints.

So carefully did this western lieutenant-colonel guide the regiment that not one of them was touched off and there wasn't a single casualty.

"It was very tough going," the colonel told me, "but the fighting Joes were wonderful. They had been going without a let-up since July 30 and they should have been dog-tired from going in there, day after day."

One of the colonel's fellow officers told me how the latter led the night march, but the colonel himself only had words for his fellow officers and men, like a Toronto lieutenant-colonel commanding tanks who ran right up to the enemy's slit trenches and leaned from a turret to drop grenades on the dug-in Jerries.

I wish I could give the names of these two fighting lieutenant-colonels, but military regulations prevent publicizing officers above the rank of major, except in unusual circumstances.

## Selling Bonds In The Bath Tub

Ottawa, Nov. 2.—The oddball sale in the Seventh Victory Loan is reported from Saint John, N.B., by the National War Finance Committee to-day.

It was to a man whom the salesman had been trying to find at home for days. Last night he was told by the prospect's wife: "Sorry, but he's in the bath tub."

The salesman carried out the

transaction through the bathroom doorway, with the man's wife acting as liaison in getting the application signed while the puraser held a pen in one hand and sped for an elusive cake of soap with the other.

You are lucky if you have one cook to spoil the broth nowadays.

## DECORATION SERVICES

At four o'clock Memorial Services will be held in the Roxy Theatre, to which the general public is cordially invited. This service is held in commemoration of our heroes of the Great War who fell in action or have since passed away, and of those in this conflict who have followed them. "They are not dead except when we forget them and fail them by forgetting that for which they died."

Lt.-Col. Fred G. Kemp, D.S.O., M.C., a Grimsby boy will be chairman of the services. Prayer will be offered by Rev. R. C. Standwick, of Grimsby Baptist church; Lesson by Rev. A. E. Brooks of St. Andrew's; Prayer, by Rev. J. Alan Ballard, Rector Emeritus, St. Andrew's; Address by Rev. W. J. Watt, Trinity United. The Roll of Honor will be read by Major L. A. Bromley, M.M., President of West Lincoln Branch 127, and the Last Post will be sounded by Band Sgt. Wally Phipps. Mr. T. Layd Diamond will be the accompanist for the Hymns.

## FRUIT BY AIR

soon to retailers in all lines because it will permit them to operate on a smaller inventory and thus less invested capital, with pro-

portionately less surplus to pose at a possible loss because of obsolescence and spoilage. "These operating savings," Mr. Waen stated, "will be reflected in lower prices to the consumer public."

He also made public a message to A. N. Kemp, president of American Airlines, from Marvin Jones, War Food Administrator, who said in commenting on the first special all-food shipment: "The War Food Administration is gratified that American Airlines has selected food as a first full plane load shipment of perishable merchandise to move by regular all-freight air service. In the post-war world I have no doubt that through the use of airplane transportation many perishable foods can be carried efficiently from the point of production to the market and this will make for an expanded use to the advantage of both farmers and consumers."

## THEY HELPED YOU

Vets who have fallen on hard times.

The Poppy Fund does just that. Fifteen of the oldest Boy Scouts in the Grimsby Troop, wearing Canadian Legion caps, and under the direction of Legion members who sit on the Poppy Fund committee, will be selling Poppies throughout the town and your generous contribution to this worthy cause is asked.

Remember! When you buy a Poppy, you are helping some one, who helped you.

## PRICE CONTROL

ials and for many finished products on other countries both within the United Nations group and those which are now under Axis control." He referred to, as examples, such items as sugar, tea and coffee, cotton and wool. The problems of maintaining sufficient supplies of materials not produced in Canada have not been easily solved. Her representatives have had to present the case for Canada to the various "Combined Boards" which control the supply and distribution of United Nations resources. Not only must Canada present her requirements to these Boards but also her proof of need.

"Even when Canada has been allotted her fair share from the Pool, there is still the difficulty of obtaining shipping accommodation to bring this material to Canada," he explained. "Then comes the equally delicate problem of allocating these goods to Canadian consumers of such differing needs as the fishermen of the Atlantic coast, city dwellers in such widely separated points as Montreal, Winnipeg or Vancouver and the comparatively isolated workers in camps, mines and farms."

"Coupon rationing," the speaker stated, "is used by the Board only as a last resort. It is by this means that equal distribution is obtained. But equal distribution is not necessarily fair distribution." He illustrated this point by referring to the differing needs for evaporated milk between those people who live in areas where fresh fluid milk is readily available and those who live in isolated areas where dairy cattle are rare and the milk supply is scanty. Similar difficulties occurred during the period of meat rationing since the meat requirements of workers in heavy industries and outdoor occupations greatly exceeded those of the city worker. He paid tribute to the "voluntary rationing" done by manufacturers, retail and wholesale distributors and consumers alike.

The speaker outlined briefly the thinking that has already been done in connection with the shifting and relaxation of existing controls under W. P. T. B. jurisdiction. He pointed out that these controls and regulations have been imposed only because of a national emergency and that the authority of the Board lies only within the limits of the War Measures Act. "It must be assumed," he said, "that these controls must be abandoned as the pressures of emergency recede."

Mr. Mantle concluded with the following paragraph from a recent speech by Donald Gordon, chairman of the Prices Board. "The task before us may well provide a greater challenge than the job of organizing for war. To meet it successfully will call for all the imagination, courage and planning which business, labor, agriculture and Government can provide."

Club business was dispensed with briefly by President "Dad" Farrell, who expressed gratification at the large turnout of members.

Visitors present for the evening were Mr. Barrington Garnham of Central Caracus, Cuba; Dr. Davidson, Niagara Falls; Frank Duham of St. Catharines club and J. W. Holder, new manager of Canadian Bank of Commerce.

## RESIGNS ARMY

will be an important one," Col. Reynolds told The Nugget. "Not only will he serve as manager of the Temagami Boat Company, but he will also be concerned with the promotion of the tourist industry in Northern Ontario. While, of course, his headquarters will be at Temagami, his activities connected with the tourist industry will take him throughout the North."

"We know that Col. Johnson will be of valuable assistance to us in the rehabilitation of soldiers of this war. His personal acquaintance with many of the boys from this district now serving overseas assures that. We are hoping, too, to secure his assistance in the colonization work we plan to carry on with the co-operation of the department of agriculture. The commission feels fortunate to have secured the services of Col. Johnson, and we are confident that the citizens of the North will wholeheartedly approve the appointment."

Col. Johnson, who resigns from the position of Northern Area Headquarters, M.D. 2, will select his own staff to man the various posts connected with the management of the boat company, the commission chairman said.

Recently returned from a trip to Northern Ontario, Col. Reynolds told The Nugget that the commission's air planning committee has already commenced its survey work. No airport sites have as yet been selected by the committee which is now engaged in drawing up blueprints which will be the basis of the commission's post-war activities in the air.

Other plans of the T. and N.O. Railway Commission are in the nucleus stage at this time, but it is anticipated that they will be put into effect as soon as wartime conditions permit it. Col. Reynolds said.

These include intensified transportation services and the development of tourist attractions. "We hope that by next spring we can supply some form of accommodation for tourists visiting the Moosewood. Col. Reynolds said, in explaining that this would include the erection of a modern restaurant dining rooms and tourist cabins.

In an effort to make the tourist

industry a year-round one, the commission plans to establish wintertime attractions in the North, Col. Reynolds said. In recent days, he said, commission workers have been surveying the Temagami area in an endeavor to locate a good site for a ski chalet.

## Shipped Pears To Glasgow In 1898

(Burlington Gazette)

Mrs. Albert Stevens brought to the Gazette office on Tuesday a copy of the Toronto World, dated December 30th, 1898, which was taken from the back of a picture. The paper contains the following article, which should be of interest to many residents of Burlington and district:

"Mr. C. C. James, Deputy Minister of Agriculture, has received a report of Burlington shippers regarding the shipment of pears to England.

It is only about two years since

a market for this fruit was discovered there, to any extent. The report is from Mr. George E. Fisher, of Burlington. During the month of November, 135 cases were sent to the Glasgow market, the results showing net profits, after paying all charges, freight and commission, of £72, or a net return of \$2.60 per case. The cases, as used by Burlington pear growers, are 13x20 inches, and 9 inches in height. A barrel of pears, when shipped in tissue paper, will fill four of these cases, the sales therefore have netted the growers \$10 a barrel. The cases are made of basswood with pine ends and are properly labelled, "Fancy Canadian Pears," the cases costing 10 cents each wholesale.

The consignment to Glasgow was shipped in ventilated compartments, not by cold storage, and the selling price in Glasgow varied from 12s 6d to 15s 6d per case."

Things could be worse. Just suppose the wearing of zoot suits was compulsory.

A small town is the one where they accept a man's bad manners if he has enough money to overshadow them.

## Casualties Reduced Seventy-five Per Cent

In the war against tuberculosis one of the world's greatest benefactors is Elmer Holbourn, Danish postal clerk.

As he worked long hours sorting Christmas mail, he thought of a way to put it to work for humanity . . . and in 1904 started the sale of Christmas Seals to combat tuberculosis. The seals have helped cut Canada's T.B. death rate seventy-five per cent.

But T.B. still kills more people between 15 and 45 than any other disease. Your dollars are urgently needed now. Send in your contribution today—please.

Property transfers issued in St. Catharines during the month of October totalled \$106, of this number \$88 were for a consideration of \$325,576.00 and the remaining 18 were family transactions at \$1 each.

Recently returned from the International Labor Conference in England, David Lewis, C.C.F. National Secretary, will be the guest speaker at a big C.C.F. Rally, in the Leonard hotel, St. Catharines on Monday night next.

Grimsby Public school pupils in the month of October purchased \$185 worth of War Savings Stamps. In the past four years Principal Ken Griffith and his excellent staff have done a great job with the kiddies in this direction.

Ted Hand and Keith Brown got home from the North country on Monday morning with the complement of deer. They report that the animals are plentiful this year. Bill Hand and Watson McPherson left on Sunday for the North and Clayton Rahn and Stan Girling are leaving this coming Saturday.

The regular meeting of Grimsby Chapter No. 69, R.A.M. was held in the Masonic Temple on Monday night, Nov. 6th. The annual election of officers was held. Ex. Comp. H. V. Set New Record**

The Beamsville municipal council established a local record Monday night when it transacted the month's business in 40 minutes. A delegation composed of Percy Hodges, Wallace Cox, E. O. Drake and James McLean asked that a water main be laid on the portion of Station road not already served, pointing out that they have no fire protection and have to haul water for farm use at present. They were advised to present a signed petition and in the meantime council will investigate the possibilities of laying a main.

The reeve and treasurer were authorized to pay the 1944 Lincoln county rate of \$7,118.30. A grant of \$175 was made to Clinton and Louth Agricultural Society. Accounts totalling \$4,216.18 were passed for payment.

Council members were invited to take part in the annual armistice day parade and service on Saturday morning and will lay a wreath on the cenotaph.

The monthly police report contained an item stating that while assisting Game Warden L. Lamour in Clinton township prior to the open pheasant season, Chief Constable Roy Archer had "found two pheasants roasting in pan in oven, seized same, also his shotgun and 22 twelve-gauge shells. T. Lovsin fined \$12.50—gun and shells confiscated."

A report from H. N. Reid, municipal clerk, indicated that several dog owners had failed to pay the necessary tax and immediate action will be taken to collect.

Meeting as a court of revision on the 1945 assessment prior to council session, members reduced the assessment of K. VanDyke on buildings from \$2,500 to \$2,300, but the assessment of \$350 on land was sustained. The appeal of Charles S. Karr was not allowed.

only a portion of the sub-division at the present time. 16 lots in the first parcel and then 10 lots and so on.

Gerald Liddle also appeared before council and explained how the opening of this sub-division under the plan exhibited would to a great extent shut off the Liddle property to the east if at any time he wished to open it up for lot sale. Mayor Johnson explained certain legal formalities that would have to be complied with and also the cost approximately of installing sewers, water and sidewalks. Mr. Liddle wished a road up the east side of the Aitchison survey which would also give him an outlet for his lots.

Council suggested that the two gentlemen get together on the question and appear before the Town planning committee with their changed plan on Nov. 17th.

Mr. Dawson of the Stoney Creek Dairy appeared again before council and stated that despite the fact that council had been agreeable to his delivering milk in Grimsby that the Ontario Milk Board had refused him a license to do so and requested that council write the Board asking that the license be granted. They will do so.

Dog owners who have not paid their 1944 dog tax are in trouble. Council will instruct Chief Turner to immediately take action against all owners who have not as yet paid their tax.

The much discussed question of the buses parking on Main street while loading and unloading passengers was again to the fore. Mayor Johnson drew attention to the fact that over a year ago the Canada Coach Lines had promised Corp. Woods of the Provincial Police, in writing, that just as soon as they could do so they would stagger their time table by 10 or 15 minutes between eastbound and westbound buses in Grimsby and thus alleviate the congestion. They

have never taken any action. Now council is taking action. Clerk Bourne was instructed to notify the coach company that council insist that they live up to that promise or make some other arrangement to relieve the present dangerous parking condition.

Wm. Pearson was given permission to cut down five trees in front of his property on Paton street, that are growing too close together. He to do the work at his own expense.

Joint Fire Committee accounts for \$276, were ordered paid.

General voucher list for \$1,180 was ordered passed.

Dr. MacMillan, Wm. Sawchuk, and Hugh K. Whyte were given permission to remove tree in front of their properties. The town men to do the work and the town to receive the wood.

Waterworks report showed 11,907,000 gallons pumped in October; average per day 384,097; biggest day, October 3rd, 521,000; smallest day, October 24th, 269,000; increase over October 1943, 1,644,000; increase in average per day over 1943, 53,028.

Township water consumption, West end 225,000 gals.; East end 3,788,000.

Mr. Lampman of Hamilton appeared before council regarding the opening of an electric welding business in the Anderson garage on Main street west. If he only conducts a straight welding business he does not come under the Transient Trader bylaw.

Relief accounts for October for \$161 were passed.

Police report for October showed no court cases; complaints investigated 30; stolen bicycles recovered two; Humane Officer: nine cats, four dogs; dog tax collected \$3.25.

Tax Collector Hurst reported \$3,286 collected in October on current taxes, also \$241 on 1945 taxes from January 1st to October 31st he has collected \$54,255 in current prepaid and arrears of taxes and penalties.

Power costs at the pump house for October, \$190; September, \$198; October 1943, \$165. Gasoline engine operated 1½ hours.

Twenty-two residents of the town were summoned to court last Friday for failure to obtain radio licenses for the current year.

George Langley, Delaware ave., who purchased his license on April 27, 1944, was ordered to pay costs of \$1.25 when he produced his license in court. The inspector who called was informed by Mrs. Langley that her husband was at work in Hamilton, and she did not know where it was. The inspector corroborated this statement in his evidence.

When Mr. Langley produced the radio license in court the Magistrate asked him why the license had not been produced when the inspector called, and Mr.

Langley swore his wife did not know where he had put it. The Magistrate then inquired from Mr. Langley if he had made an effort to get in touch with the inspector, and Mr. Langley replied, "No; not when I had a license."

The Magistrate ruled that costs had been incurred, and ordered Mr. Langley to pay same. Besides Mr. Langley also lost a day's pay to attend court. A fine of \$3.00 plus \$1.25 costs was imposed in other cases.
